Local Heritage in Cultural and Natural Perspective

Addressing sustainability through green networks
in Alta Val Brembana

14 dicembre 2022, h 9-12
Laboratorio 5 Via Salvecchio

The research perspective of the seminar aims at indicating a way to integrate the concepts of Cultural Heritage and Natural Heritage, while presenting them as implemented in the local scale. The enhancements in Heritage Studies develops in fact towards a broadened view that includes the understanding and protection of Natural Heritage, in a vision of stratified reading of the landscape.
